## Description:

Villa ELPIDA enjoys a bird's eye view of the islands of Delos and Rhenea, a majestic drop to the sea and the picture-perfect Mykonos sunset. Villa ELPIDA was named "Hope" after the final item in Pandora's box, the brilliant view from the villa inspires that and more. Villa ELPIDA boasts an outdoor BBQ and an outdoor dining & lounging area (sunny & shady all day long)- all in front of the 55 m2 infinity pool that flows off into the Aegean horizon- and you are still less than a three-minute walk to the sea (still within the resort). Villa ELPIDA is uniquely ideal for 2 couples, or families with children as it is all on one level. A main entrance, dining room, living room and kitchen, on the pool level, leads to 2 bedrooms that share a bathroom. Both bedrooms have balcony doors providing pool access. The brilliant white interiors and exteriors and the subtle tasteful decorations reflect the Mykonian-elegance the island is known for, so you can totally immerse yourself in the spirit of the island. The refurbished luxury estate has daily, complimentary maid service-so you don't lift a finger, 24/7 CCTV monitoring at the periphery of the estate- so unauthorized people are detectable, Netflix- to quench your thirst for relaxed adventure, flat screen TVs- so everyone can watch, back-up generators- to face the frequent local electric shortages, a desalination plant- so you can ignore the frequent local water shortages, and a 24/7 gate-access control. The pool can be heated for a fee.

VILLA ELPIDA offers exclusive, luxurious privacy just minutes from the island's most notorious beaches, most eclectic night-life entertainment and most remarkable dining experiences that Mykonos is so famous for. Each villa showcases its own Mykonian elegance and is perfectly nestled within the 24/7 access-controlled property where tranquility, sunsets and courteous concierge can accompany or accommodate any desire and ensure that you can concentrate on indulging in unforgettable revelry and/or relaxation. To add to this, the property is uniquely protected from the Etesian Meltemi winds,

so you can spend your time outdoors even when the rest of the island is windy. Spread over the 38,000m2 estate each of the luxurious villas sports a pool, distinctly inspired decoration (by Alberto Pinto), satellite TV and Wi-Fi. Back-up generators and water purifiers, 24/7 CCTV monitored grounds (at the periphery), a private jetty and a helipad are available to guests, while chefs, butlers, extra cleaning and catered services can be arranged to never stop.
